ORDER:

The Engineer-in-Chief(AW), I&CAD Dept., Hyderabad in his letters read above has stated that the Government envisages to give impetus to the Irrigation by creating irrigation potential under the Major, Medium, Minor Irrigation sectors. Due to introduction of EPC system of contract, the study of Hydrology & Investigation of irrigation projects became part of contracting agency and slowly the workload of the Investigation Circles has been reduced. Now, the Government have decided to go for non-EPC system.

The Engineer-in-Chief (AW), I&CAD Dept., Hyderabad has therefore proposed to revive the Hydrology & Investigation Unit to suit the present requirement of the Irrigation Projects in the State and the minor irrigation sources in particular to bring them to their original standards and improve the performance. Accordingly, he has proposed for reorganizing the same by forming two new circles under the control of Chief Engineer, Hydrology & Investigation. One circle for Godavari Basin with headquarters at Karimnagar with five divisions at various locations and second circle for Krishna Basin with headquarters at Hyderabad with four divisions. Finally, the ENC(AW), I&CAD Dept, Hyderabad has requested to issue necessary orders including sanction of (2) additional posts of Superintendent Engineers and (3) additional posts of Executive Engineers with a permission to redeployment of staff within the sanctioned strength in the revised set up of the Unit.

After careful examination of the above proposal, Government hereby Reorganize the Hydrology & Investigation Unit of Irrigation & C.A.D. Department by forming two new circles under the control of Chief Engineer, Hydrology & Investigation. One circle for Godavari Basin with headquarters at Karimnagar with five divisions and second circle for Krishna Basin with headquarters at Hyderabad with four divisions with the total cadre strength of (564) posts in different cadres as shown in the Annexure appended to this order.
